

Stay a little longer!

Located in the heart of Bavaria and only 35 minutes from Nuremberg, the golf course Zollmühle is the perfect starting point for your varied and relaxing golf holiday. More than 15 golf courses, including some of Bavaria's most beautiful squares can be found in the neighborhood.

But also apart from the golf courses there is much to discover. Whether individual or family, active or recreational holiday, with cultural, historical or culinary interests, the region is incredibly versatile.

In Ellingen you can visit the German castle of the Teutonic order and the Fürstliche brewery house. This is where Franconian beer specialities, among others a beer awarded as Europe's best "dark", are produced.

Weissenburg with its historic old town, its museums, the Wülzburg, the Roman thermal baths and the Roman fort is only 8 minutes away from the golf course. In the summer months, it is worth visiting the Bergwaldtheater.

Magical moments can be experienced at the Brombachsee. The "New Franconian Lake District" does not just invite you to take a bath, the perfectly developed infrastructure with bike and hiking trails is perfect for active leisure time activities. All year round, a variety of events take place around the lakes.

The area around the golf course is one of the sunniest regions and with lowest precipitation. But in case of rain, a visit to Nuremberg or the historic cities of Rothenburg and Dinkelsbühl is a good option. Even the city of Munich can be reached in 90 minutes.

Depending on the desired category, there are a variety of accommodation options.

You can find more information about leisure and accommodation possibilities on our website.

Our golf Course

Situated in the idyllic valley of the Swabian Rezat between Ellingen and Pleinfeld, at the intersection between the "New Franconian Lake District" and the "Altmühltal Nature Park" lies the golf course Zollmühle.

Well maintained and extremely varied, the fairways of the 18 hole par 72 course, from the stream up into the valley skirting the valley and back again.

Old trees and picturesque views over the valley of the Swabian Rezat and the Baroque town of Ellingen turn the round of golf a visual experience.

Challenging, but always fair, the space design is kept. Players of all skill levels will have fun here.

Thanks to Fairway irrigation the player may expect green lawns, even in midsummer.

For players who want a golf cart, 16 vehicles are available.

After the round, people meet at the large sun terrace in the courtyard of the old mill property. Surrounded by flowers, plants and many lovely details that make the atmosphere at the Zollmühle so special, you can relish the memory of the golf day.

You can get homemade cakes and Franconian specialties in our gastronomy.

We specially recommend the flame cake variations, Franconian sausages and of course the local beer specialties.
